

Relocate north soffit supply diffuser branch

Source S-04 • issued 13 September 2026

Hawthorne Commons Café • Project HC-17 • 14 September 2026

To	Northline Builders — Maya Chen
Project	Hawthorne Commons Café / HC-17
Validity	10 calendar days
Schedule	One working day after written direction and design-location confirmation

Proposed scope

- Relocate one 8-inch supply branch and flexible duct approximately 6–12 inches west.
- Reconnect branch to existing trunk and provide new diffuser boot.
- Provide hangers and seal connections.
- Coordinate final diffuser position with ceiling framing.

Pricing

Labour — two HVAC installers	\$1,760.00
Material / hangers / boot	\$540.00
Supervision and small tools	\$265.00
Markup	\$285.00
Total proposed change	\$2,850.00

Exclusions and assumptions

- Drywall patching, painting and ceiling-grid changes are excluded.
- Fire-protection relocation or rework is excluded.
- Architectural redesign and permit revision are excluded.
- Price assumes work remains accessible and can be performed during normal hours.
- Cascade Air has not included schedule impact beyond one working day for its own work.
